the idea. He is waiting or receipt. But essentially, to types of Cryptocurrencies there would be interest in	It sounds like he is in fact finding mode and hasn't even pitched the idea to b4,b8 et al. t b4,b8 the company that provides the bank's internet banking and mobile platforms is selling a copies of the slides from b4,b8 presentation, and he will forward them to us upon the service would allow b4.b8 customers to purchase Bitcoin and eventually expand to other s, similar to b4,b8 would get a fee for facilitating the transaction. Mr b4,b8 thinks this service based on the number of b4,b8 transactions he sees by the bank's customers, erally range from b4,b8
talked to him about the in laws and guidance or eve crypto-related activities. procedures, and maybe e making sure managemen	is hard to opine without knowing exactly how they intend to implement the relationship. Interagency Request for Information and Comments on Digital Assets and the lack of clear-cut in a regulatory direction. I also told him however, that we certainly have banks that engage in Regardless, we would require a detailed understanding of the product, robust policies and ven additional capital. We talked about who would hold the risk in the transactions and thad a solid understanding of b4,b8 financial position (obtaining frequent financials); b4,b8 es for clearing transactions, and b4,b8 potential need to keep margin on account at the bank.
l also told him that deper	iding on what, if, they finally submit, we may have to run it through our Washington office.
Let me know if you disagn have.	ree with anything I told him based on what he knows or if I forgot to disclose anything I should
Thanks, b8
